Dendrobium lindleyi

Fair Orchids
www.fairorchids.us

Does well in East or West facing windows; spring/summer/ fall the mid-day sun is too strong. Can go outside into dappled shade May thru mid-Oct.

Temp : 35-85˚F (2-30˚C)

Water : From bloom to Oct should never dry out.
From Nov till buds form, once every 3 weeks.
Once buds puff up, water normally.

Fertilizer: 1/3 of prescribed dose every 2-3 weeks;
STOP fertilizing Sept 15th till buds open.

Can be grown in sphagnum/bark, fine bark mix or mounted.
